

CHANGES OF THE STANDING ORDERS

Colour Code Used in SO			
	Grammar Changes to the SO's; not content related!		
	Standing Order Amendments Michaelmas 2021		
	Standing Order Amendments Epiphany 2022		
Important remarks:			
<p>The following amendments were annotated by the Internal Affairs Officer (Dominik Mitterer) and the President (Callum Bowler) of the MCR, and approved & carried out by the IA, in order to update and unify the grammar and spelling. In addition, job and institution titles of Non-MCR related positions (e.g. “Master” changed to “Principal”) were updated without consulting the Exec first, as these changes lie beyond the sphere of influence of the MCR. Changes of this nature are highlighted in red and are related to the Standing Orders Pre-Michaelmas 2021 amendments. Non-content related changes in grammar, spelling, or titles of Non-MCR position / institutions, regarding either the SO amendments of Michaelmas 2021 or Epiphany 2022, where <i>not</i> documented, since the final wording has <i>not</i> been implemented to the SO's up to this point!</p> <p>If the same change occurred more than one time on one page, these were annotated accordingly in the SO, but <i>not</i> listed multiple times in the table below.</p>
